Pathology consultant& assistant professor	-Mansoura oncology center, Egypt	7	2018	Till now	

#### Practical experiences

-Pathology department, Faculty of Medicine, Mansoura University provides public services to a population of more than 6 millions people in collaboration with other clinical departments in the faculty of Medicine.

-In the department of pathology at faculty of medicine we receive about 6000 case annually including CNS biopsies, Gynaecology and obstetrics, bone biopsies, plastic surgery, cardiothorathic surgical specimens, tropical, chest medicine specimens, ENT, ophthalmology specimens.

- We have a consensus for discussing the difficult and rare cases

**-I worked in specialized centres:**

1- Gastroenterology surgical centre (GEC) dealing with all cases of GIT tumours, grading of hepatitis cases, liver transplantation specimens (donors and recipients).This include gross examination, dissection, microscopic examination, special stains and immunohistochemical studying.

2- Oncology centre (OCMU) dealing with all surgical Specimens of tumours of all systems of the body (breast, thyroid, renal, suprarenal, soft tissue, lymph nodes, bone, bone marrow biopsies, skin, ENT biopsies,.....extra), frozen sections, revision of referred slides

3- In Oncology path lab, I was one of committee responsible for BM biopsies and hematolymphoid cases, pathology coordinator for hematolymphoid M.D.T weekly meeting

4- Renal and urology centre dealing with all cases of genitourinary system including renal transplantation specimens.

5- Cytology lab in main university hospital dealing with all specimens from body fluids and fine needle aspiration cytology of thyroid, breast, salivary, extra

6- Damietta oncology centre dealing with all types of Pathology specimens

7- Private Lab of prof EL-Desoky, dealing with all types of specimens (one of the big labs in Dakhalia and Mansoura University )

**The supervisor and co-ordinator of hematopathology diagnostic services at the pathology lab, oncology center, Mansoura University, Egypt with Job description included:**

-Supervising daily operations of all cases of hematopathology including bone marrow and lymphnode biopsy which includes evaluation of the diagnostic material, reporting of results in a timely manner.

-Co-ordinator of multidisplinary team discussion for heamatopathology cases, presenting the pathology of hematology cases at the consensus for difficult cases

**Adminstrative Experience :**

**1. The supervisor and co-ordinator of hematopathology diagnostic services at the pathology lab, oncology center, Mansoura University, Egypt with Job description included:**
