Objectives

As a Saudi and European Board-certified dermatologist, I am honored to express my strong interest in joining the department of dermatology , faculty of medicine.

With a strong foundation in both clinical practice and academic teaching, I am particularly focused on the field of medical and Cosmetic Dermatology. I am dedicated to expanding my knowledge, engaging in impactful research, and contributing to the training of future physicians. I believe that my commitment to excellence in both patient care and medical education aligns well with the values and vision of your department.
